

2025 WATER USE EFFICIENCY (WUE) GOALS GROUP 'A' COMPANYWIDE PROGRESS REPORT

Total Number of Systems Washington Water Owns and Manages

220 Group 'A' & 'B', Owned and Managed
Systems Evaluated for WUE

126 Total Group 'A' Owned

80 NW District Group 'A' Owned

46 EP District Group 'A' Owned

*In 2020, WWS acquired Rainier View Water Company.

**In 2022, WWS redefined Operating Districts for geographical efficiencies.

Goal Achievement Priorities

- First Prioritize and fix systems with DSL over 10%

- Second Prioritize and fix systems with Source of Supply Demand in excess of 0.40 AF/ERU

- Third Prioritize and fix systems with Customer Demand in excess of 0.36 AF/ERU

- Lastly After companywide goals have been achieved, set system specific WUE goals.
